MANUAL OF FUNDS**

Fund Number: 0200 (Dedicated Account 200.09)

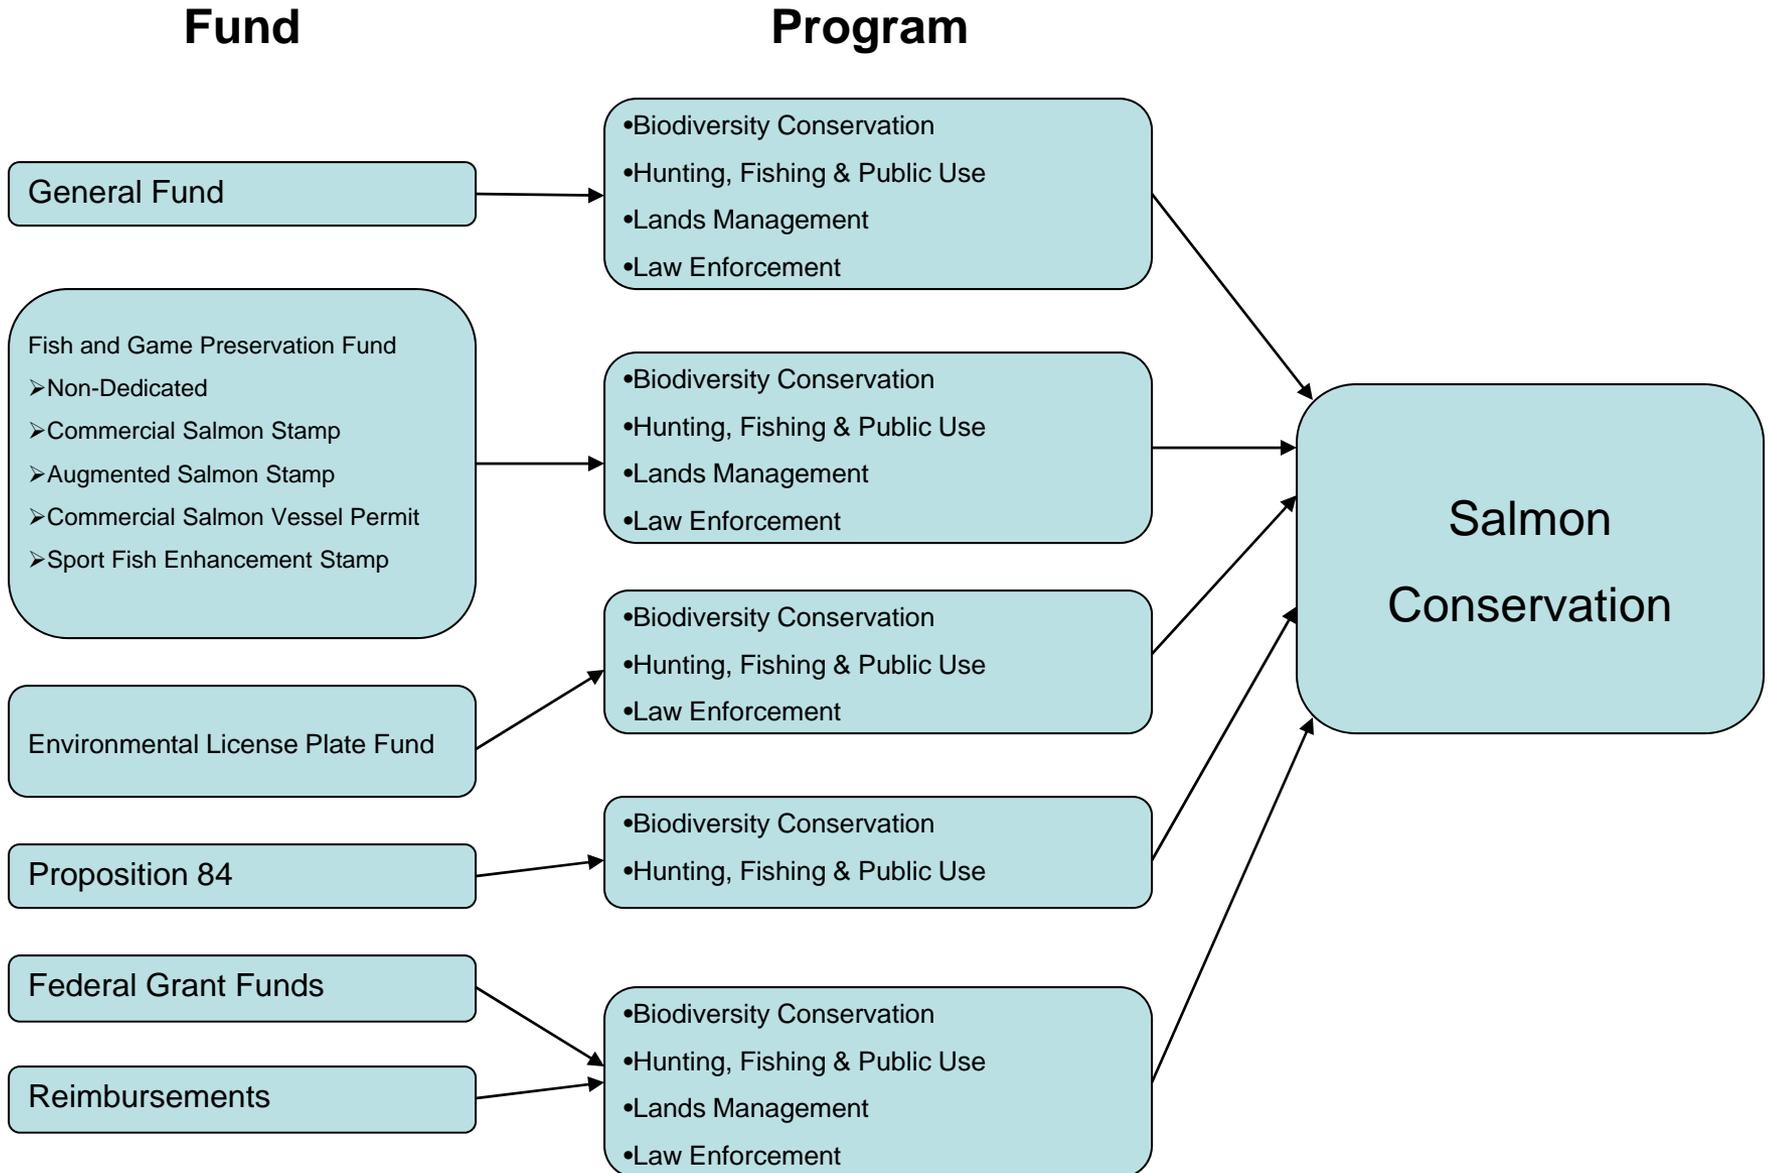

Legal Title: State Duck Stamp - Fish and Game Preservation Fund

Legal Citation: Fish and Game Code, Sections 3460, 3700-3706

History and Source of Funds: The taking of migratory waterfowl by adult hunters requires a State Duck Stamp in possession as well as a Federal Duck Stamp. The fees from State stamp sales are required to be deposited in a separate State Duck Stamp Account in the Fish and Game Preservation Fund to permit separate accountability for receipts and expenditures of funds derived from State Duck Stamp sales.

Restrictions on Use of Funds: Funds deposited in the State Duck Stamp Account shall be used for projects approved by the Fish and Game Commission for the purpose of protecting, preserving, restoring, enhancing, and developing migratory waterfowl breeding and wintering habitat, evaluating habitat projects and conducting waterfowl resource assessments and other waterfowl related research. The Department may make grants or enter into contracts with nonprofit organizations for the use of these funds when it finds that it is so necessary, and further, such contracts are not subject to certain provisions of the Contract Code. An amount of \$2.25 of each stamp sold shall be used for the preservation of waterfowl habitat in Canada. The balance shall be used for projects approved by the Fish and Game Commission in California, if any land acquired in California with the funds shall be open to waterfowl hunting. Limits the administrative overhead charges to a maximum of 6%.
